## Work experience

### Barnes and Nobles, Naples, FL— Bookseller

July 2021 - July 2022

During my year of employment, I worked as a cashier and customer service attendant on both floors of our location. I mostly noted for cleaning and organizing our many bookcases and displays with ease and precision. No matter where I was stationed, I helped direct people to the books they sought, or helped to raise beneficial alternatives when our store was short.

## Formal education

### Chaparral High School, Temecula, CA.

August 2018 - June 2021

My original high school home was in southern California. There I completed eight AP classes, which includes Human Geography, Computer Science Principles, European History, Environmental Science, English Language, Psychology, U.S. History, and Seminar.

### Gulf Coast High School, Naples, FL.

August 2021 - June 2022

One year was spent here, during the course of which I completed AP English Literature and AP Research. I also took the chance to complete the AICE General Paper course before graduating from Gulf Coast in June, 2022.

## Volunteer experience

### FEMA Teen C.E.R.T. — FEMA Community Emergency Response Team training in Temecula, CA.

20 hours worth of training in June, 2019.

This program was trained by Riverside County Police, Fire Department, and EMTs. In it, we were able to develop the skills to evaluate a high stress, emergency environment. Just as well, we acquired the skill set necessary for working with emergency personnel both in a leadership and aid role. On top of first aid, we also learned—hands on—how to put out a fire by the aforementioned Riverside County Fire Department.

## Skills

- Descriptive writing
- Freehand sketches and designs
- Basic HTML and CSS design
- Computer app literacy (particularly with Google services)

## Awards and projects

### Bennington Young Writers Award (Finalist), 2021/2022.

I wrote three poems in October, 2021, which won me a \$10,000 scholarship to Bennington College. You may read them in [this Google doc](#), if you'd like.

### Peregrine Mag, Issues 1, 2, and 3. Hosted by [Ryan Taylor](#).

I have been featured as a writer and photographer in all three current issues of the Peregrine Mag, under the name Allen Lindholm.

### PTA Reflections Contest, 2019.

While at Chaparral, I wrote a surreal short story and won first in the creative writing section for my school.

---

### **Chaparral High School library, Temecula, CA.**

February 2019 - March 2020.

While volunteering at my high school's library, I mostly helped in distributing textbooks for students to borrow during a one-hour window after the school day's end.

### **Grace Mellman Public Library, Temecula, CA.**

November 2019 - January 2020.

While volunteering at a nearby public library, I primarily helped by dusting and tidying bookshelves. I also contributed by stripping outdated books (or copies) of their plastic covers and barcodes so they may be resold for the library's sake at the attached "Friends of Temecula" bookstore.
